V1.0 · LOCKED · THE CONTRACT FOR ALL SOCIAL CONTENT · JULY 2026

Six grounds. Three canvases. Seven layouts. The designs are locked — only the content varies. If a treatment isn't in this document, it isn't allowed.

Six grounds. Nothing else ships.

DAWN · DARK — WINS, MILESTONES, BEGINNINGS

FIRST LIGHT · DARK — THE WORKHORSE

VEIL · DARK — HEAVY SUBJECTS, STATS, DENSE TEXT

PARCHMENT · LIGHT — LIGHT WORKHORSE, LISTS

FRAMED · LIGHT — STATEMENTS, COLLECTIBLES

FIRST BLUSH · LIGHT — GENTLE WINS, MORNINGS

RETIRED — NEVER USE

Beam · Ember · Horizon · Crest · Doorway · Window · Motes · Ridge · Threadlight · Morning Wall · Shadow Window · Linen Block

Rhythm: ~2 light posts per 10 · never the same ground twice in a row · Veil for anything emotionally heavy · never stretch a ground — use the correct canvas file.

Three sizes, three faces.

The gold period	A headline ending in "." renders the period Gold #C9A84C (dark) / Gold Deep #A8842F (light). One period, always.

The quiet mechanics.

MARGINS & SAFE ZONES

- Side margins 104px minimum — only grounds touch edges.
- Square/portrait content band: y 118 → H-240.
- Story link sticker: over the gold MEETRILEY.US line, y≈1560.
- Story poll/question stickers: outlined zone y 980–1230.
- Story top/bottom 250px: no critical text (platform UI).

THE ONE-GOLD-MOMENT RULE

Exactly one deliberate gold accent per piece beyond the logo: the eyebrow OR the period OR the sun-dot OR the stat line. Never gold paragraphs or gold-on-gold. Proportions = 70 ground / 20 text / 8 gold / 2 semantic.

SIGNATURES — LAUNCH PHASE, ASSETS 1 & 2 ONLY

SURFACE MARK · SIZE · POSITION

Dark slide	riley-nav-logo.png · 176–196px · bottom-center, 62–64px up
Dark sign-off	same · 360px · mid-lower + gold meetriley.us line
Light (any)	riley-nav-ink.png · same sizes/positions
Story	matching variant · 190px · 118px up

Never: the maker's mark anywhere · white-word nav on light · boxes/chips around the mark on these templates · the Hero as a footer (Hero = avatars & moments only).

Every post is one of these.

LAYOUT	ANATOMY	USED FOR
1 · Hook	eyebrow + headline (+ optional sub)	Carousel slide 1, singles
2 · Body	gold sun-dot (9px r, centered, y≈206) + headline + sub — no eyebrow	Carousel interiors
3 · List	eyebrow + headline + gold-bulleted items (max 5)	Teaching slides
4 · Stat	eyebrow + 270px serif number + gold mono context + sub	Milestones, numbers
5 · Sign-off	headline + tagline + large nav + gold meetriley.us	Final carousel slide, always
6 · Story trio	quote / poll / CTA per sticker zones (§03)	Stories
7 · Reel	8s · 24fps · silent · ground still · sun-dot breathing (5s cycle, scale 1 → 1.06, y≈330) · headline fades 0.4–1.9s · sub 3.0–4.5s · URL + nav 5.5–7.0s	Motion posts

Motion law: the breathe and slow fades are the only motion that exists. No slides, springs, bounces, or confetti — ever. "If a motion would feel wrong beside someone crying at 2am, it's wrong for Riley."

Every word passes before publish.

NEVER USE

journey · addict · alcoholic · clean · relapse (say **slip**) · broken · failure · hustle · grind · crush it · users · patients · disorder · treatment · "you should" · urgency of any kind ("last chance," countdowns, timers)

NEVER SHOW

Faces · alcohol/glasses/bottles · scales or before/after · clinical imagery · zen clichés · literal suns in imagery (the orb is the logo only). Crisis-adjacent content is never paired with promotion.

CANONICAL LINES — VERBATIM ONLY, NEVER PARAPHRASED

"Rebuild your life. One day at a time."

"Start where you are. Riley will meet you there."

"You're not starting over. You're continuing — and you don't have to do it alone."

"Not sure if you have a problem? Good. That's exactly who this is for."

"I know. Me too."

"No appointments. No judgment."

"8:14 — the minute the light comes back."
